### *A Blessing for Death*

*I pray that you will have the blessing of being consoled and sure about your own death. May you know in your soul that there is no need to be afraid. When your time comes, may you be given every blessing and shelter that you need. May there be a beautiful welcome for you in the home that you are going to. You are not going somewhere strange. You are going back to the home that you never left. May you have a wonderful urgency to live your life to the full. May you live compassionately and creatively and transfigure everything that is negative with you and about you. When you come to die may it be after a long life. May you be peaceful and happy and in the presence of those who really care for you. May your going be sheltered and your welcome assured. May your soul smile in the embrace of your anam cara.*
